DIPLOMATS ATTEND.

They Meet the Cardinals in the Consistory Hall, Where the Representative of France Eulogizes the Dead Pope.

Rome, July 25.—On the stroke of mid-day Saturday, as the noon gun from the castle of St. Angelo was fired, the lying in state of the body of Pope Leo XIII. came quietly to an end, and those few who still lingered at the gates of the Chapel of the Sacrament in St. Peter's were ordered to leave, and some 200 or 300 persons, including Cardinal Guossens, who arrived just in time, passed slowly out of St. Peter's into the piazza, and the world's last farewell to the pope was over. Ten minutes later the Italian infantry and gendarmes poured out of the basilica and lined up on the steps in an imposing array. The outer gates were then closed and the body of the late pope was left to the tender care of those who had watched by Leo XIII. in his lifetime. Preparations for the interment immediately commenced. While the bells of the basilica rang out their melodious notes troops were formed in a column and marched to the barracks. Their historic incursion into Vatican territory ended without the slightest friction. It is estimated that 80,000 people passed the catafalque since Thursday morning. The last funeral mass at St. Peter's was celebrated Saturday morning in charge of the altar by Mgr. Panicy, canon of the Vatican basilica. At the same time funeral masses were celebrated in most of the churches of Rome.

The most imposing ceremony Saturday was the reception by the sacred college in the hall of the consistory of the whole diplomatic body accredited to the Vatican. All diplomats wore gorgeous uniforms and the cardinals had on their magnificent violet robes and were seated in huge arm chairs according to the right of precedence. Portuguese Ambassador M. Martins D'Antas, dean of the diplomatic corps, was at the head of the body. He advanced and delivered an address in French, expressing sorrow of all the powers at the death of Pope Leo, who had acquired the universal esteem of the world. Cardinal Oreglia, dean of the college of cardinals, rose and answered in Italian. He thanked the diplomats in the name of the sacred college for the part all governments had taken in mourning with the church. He eulogized Pope Leo and his work during his long pontificate and ended with expressing the hope that God will give to the church a worthy successor to Leo XIII. After this the diplomatic body kissed the hands of all the cardinals, and especially congratulated Cardinal Oreglia on the sentiments he had expressed, and which produced the best of impressions.

FISHERMAN'S RING.

It Disappears From Finger of Pope and Whereabouts Unknown.

New York, July 25.—The Herald's Rome correspondent cables the following:

The ring of the Fisherman, which should have been found on the hand of the pope, has disappeared. It is not so much a question of its material as of its intrinsic value, for the ring of the Fisherman is used to seal the papal bulls and is the outward sign of the authority of the pope. When the cardinal camerlingo certifies to the death of a pope he receives the ring of the Fisherman from the chamberlain of his holiness. It is then destroyed in the presence of all the cardinals at the first meeting of the sacred college held after the pope's death.

But when Cardinal Oreglia the present camerlingo had certified to the death of Leo XIII., Mgr. Bisletti was a prey to the deepest despair and had to admit that the ring had disappeared. Cardinal Oreglia, who had, as is the custom, brought his declaration of having received the ring from the papal chamberlain, had to put it back in his pocket.

Mgr. Bisletti can give no indication as to the robber. The theft must have taken place between the day of the death of the pope and the morning of the following day when Cardinal Oreglia officially certified to his death. During this time a large number of persons entered the death chamber.

AN ASSASSINATION.

J. L. Butler Killed and a Tenant Is Under Suspicion.

Nashville, Tenn., July 25.—A special to the Banner from Huntington says J. L. Butler was assassinated Friday night. Suspicion rests upon John W. Smithson being a guilty party. Smithson was a tenant of Butler's farm and the killing was the result of trouble over domestic affairs. Smithson recently married a young woman with the aid of Butler. He is alleged to have a wife and family living in Arkansas. Butler was in trouble several years ago for killing a man named Moody, but was acquitted. Both men were prominent and highly connected.

TREMENDOUS FAILURE

Talbot J. Taylor & Co. Execute a General Assignment.

KEENE IS A CREDITOR

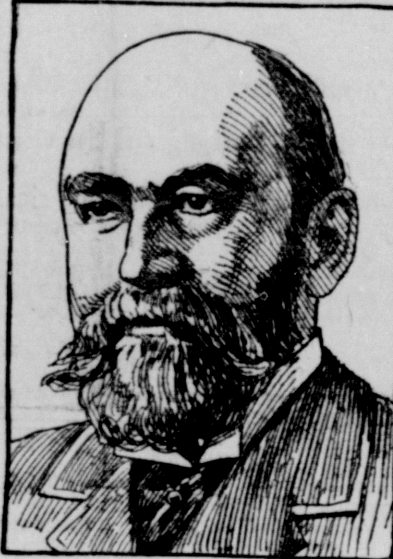

New York Financier Is Said to Be the Greatest Loser by the Suspension, and Total Loss Will Be Heavy.

New York, July 25.—The appended statement was issued at the office of Taylor & Co. Friday evening:

"Talbot J. Taylor & Co. this day executed a general assignment for the benefit of creditors to Philip J. Britt, and he has accepted the assignment and has taken charge of the property and assets of the firm."

The assignment of the firm is due to its inability to liquidate the stocks which the banks held for its account. All banks having loans with it will be protected, but the inability to liquidate the stock so held has caused the suspension, which, it is hoped will be temporary, if the banks take the reasonable view that by waiting gradual liquidation can be effected without disturbance to the stock market. The largest unsecured creditor of the firm is James R. Keene.

Efforts to ascertain the amount of the firm's indebtedness to Mr. Keene

JAMES R. KEENE.

were unsuccessful. The assignee is a prominent Tammany politician and is well known as a close friend of Mr. Keene.

The failures in the exchange were the first since May 5, 1902. That day three firms, all of them involved in the Webb-Mier syndicate went under. Two resumed business.

No statement of Taylor & Co.'s assets and liabilities has been made, but from the president of a leading national bank, it is learned that the liabilities may be well on to \$6,000,000.

The firm of W. L. Stow & Co., also involved, (W. L. Coolidge) was organized in 1899, and has been known almost ever since as the stock market representatives of the Mexican Central road. The firm's manipulation of Mexican securities was frequently a matter of general gossip.

SEVERAL INJURED.

Collision Near Ardmore Attended With Serious Results.

Ardmore, I. T., July 25.—A Santa Fe work train with piledriver collided with a freight at the crossing over Little Hickory creek, eleven miles south. The freight train was badly wrecked.

C. A. Dowdy, living at Gainesville, fireman on the freight, sustained a severe scalp wound, and his right hip was hurt.

W. G. McCarty, who lives at Gainesville, brakeman on the freight, had his left wrist and ankle badly hurt, and was otherwise bruised.

Kid Stone, engineer on the freight, was badly hurt.

George Champion, spool tender and fireman on the work train, had his spine hurt, and is paralyzed in the lower extremities.

Dan Bernard Hays, who lives at San Antonio, engineer on the work train, had his left hand broken, left shoulder and breast hurt, right leg scalded and severely bruised in many places. He is in a precarious condition.

For a Belt Line.

South McAlester, I. T., July 25.—Articles of incorporation have been filed with Clerk Freeman of the court of appeals by the McAlester Terminal and Transit Railway company, with a capital stock of \$250,000, and principal office at South McAlester. The object is to build a belt line around this city and acquire depot sites and other terminal facilities.

Served on the Mohopack.

Guthrie, Okla., July 25.—Charles B. Hunt, a native of Bath, N. H., died here. He served in the civil war as an engineer on the monitor Mohopack, receiving injuries from the explosion of a gun that finally resulted in his death.

BRYAN, TEXAS, JULY 26, 1903

The dates of the Madisonville reunion this year are August 12 and 13.

The First national bank of Anderson has been chartered with a capital stock of \$55,000.

Judge Scott has overruled a motion to dissolve the injunction in the Milam county local option case. Suspension of the poll tax law is given as the chief cause.

It is learned upon good authority that the new name given by the I. & G. N. railroad company to their station at Bedias will be Trice. The Roan's Prairie station will be Steadmanville.—Navasota Examiner.

The democratic nominating convention to name Tom Ball's successor in congress been called to meet in Houston August 18 by Chairman Gordon Boone. There is a lively contest on, principally between Holt and Ewing.

A. A. Allen has passed up the proposition of the American cotton company to add a round bale press and other machinery to his gin outfit. At one time it looked as if this enterprise was assured, but when all the terms of the round bale people were submitted Mr. Allen could not see his way clear to accept them.—Madisonville Meteor.

NO WALKOUT.

Bookbinders Will Abide by the Decision of Government Printer.

Washington, July 25.—The Bookbinders' union, which has been fighting the reinstatement of W. A. Miller, assistant foreman in the government printing office, who was dismissed because of his expulsion from the union and later ordered reinstated under executive orders, has abandoned any intention of walking out in case Miller resumes work. President Tatum of the International Brotherhood of Bookbinders is now en route here from Chicago to advise with the local leaders. The latter have decided to abide by the decision of the public printer and avoid any clash with the government. Miller was expected to report for duty Saturday morning, but failed to appear.

ATE CAPTIVES.

Indians on Tiburon Island Charged With Murder and Cannibalism.

Tucson, Ariz., July 25.—A party of mining men from this city, returning from Guayamas, report the arrival of a detachment of Mexicans with six prisoners from Tiburon Island. The Indians are charged with murder and cannibalism. A party of Mexican prospectors who landed on the island two weeks ago are said to have been captured and killed and partly eaten by the Indians. The Mexican government sent a punitive expedition to the island. The soldiers had a fight with the Indians, and, according to the story from Guayamas, killed a number and captured six, who are now in prison at Guayamas. The Indians are described as large, strong and of dark complexion and wearing long hair.

WIDE-AWAKE WATCHMAN.

Shattered Lantern Over a Burglar's Head and Kills Another.

Chicago, July 25.—Shattering his lantern over the head of one of three men who attacked him Friday night, A. C. Rogers, a watchman for the Forbes Teaming company, then fatally shot another of his assailants. The wounded man died at the county hospital. From papers found in his possession he is supposed to be Charles J. Allan, a sailor. The shooting followed an alleged attempt at burglary and a struggle in which the watchman was badly beaten. When the police arrived at the scene the watchman was lying, almost unconscious, over the body of the dying man. The companions of the wounded man had fled.

Heat Victims.

Buda Pest, July 25.—Advices from Herzogina says that during the maneuver march of an infantry regiment last Monday 450 men were the victims of the extraordinary heat, and that nineteen died and forty are expected to die.

Body Identified.

El Paso, Tex., July 25.—A floater that was picked up in the river here has been identified as Martin Nolan, an aged contractor, who was drowned in the Rio Grande a month ago. The body was badly decomposed and was buried as soon as identified.

Fitzsimmons Again Weds.

San Francisco, July 25.—Robert Fitzsimmons, actor and pugilist, was granted a license to wed Julia May Clifford, an actress. Fitzsimmons gave his age as forty-one and that of his bride as twenty-three.

Several Buildings Burn.

Tacoma, Wash., July 25.—Fire totally destroyed the Cascade Cereal company's plant and the Deming-Berry pulping plant adjoining, causing a loss of \$150,000. The Denver House, the St. Paul House and several residences were damaged.

Deed Approved.

Washington, July 25.—The secretary of the interior has approved the deed from the Kiowa Indians covering the Mountain View townsite of Oklahoma, over which there has been considerable controversy.

Grand Army Veteran Hanged.

Washington, July 25.—Benjamin C. Hill, who killed his wife last November at their home in this city, was hanged at the United States jail here Friday. Hill was a native of Virginia and a Grand Army veteran.

Returned to the Office.

Chicago, July 25.—Graham H. Harris, three times president of the Chicago board of education, was returned to that office Friday night after the lapse of one year. He succeeds Clayton Mark.

Greek and Bulgar.

"The struggle for racial supremacy between the Slav and Hellene," says a writer on Macedonia, "a struggle as old as the hills, is here identified with and imbittered by the religious strife which rages between the followers of the Bulgarian exarch and those of the Greek patriarch—the schismatic and the orthodox parties. This animosity pervades and poisons all the relations of life, private no less than public. A Greek will on no account speak to or shake hands with a Bulgar. Nor will a Bulgar patronize a shop kept by a Greek. The antipathy between the two nationalities amounts almost to physical repugnance. It far exceeds any feeling of enmity that either of them may entertain toward the Turk, who has ground them both to the dust during five centuries of the most unmitigated oppression imaginable."

MUTINY OF CONVICTS.

Two of Them Are Thought to Have Been Fatally Shot.

Atlanta, Ga., July 25.—No additional information was received Saturday morning at the office of the state prison commission regarding the mutiny of 125 convicts in the Dade coal mines at Coal City, Ga., fifty miles south of Chattanooga, Friday night, in which it is reported that two convicts had been shot. The names of the convicts, who were known entirely by their prison numbers, have not yet been learned, but it is known the men were ring-leaders of the band who barricaded themselves in the shaft of the mine. It is said the guards were forced to fire on the men on account of the menacing and threatening attitude of the convicts. It is feared that the shooting of the two prisoners may result fatally. It is possible the convicts had planned such a mutiny and may have secreted food in the mines and can withstand a siege for some time. As the only way of escaping is through the mouth of the mine, the prisoners are powerless without arms, and it may be the men will have to be forced to surrender by starvation. The coal company has a strong barricade around the property, which is securely guarded, and there is hardly the barest chance for the men to overpower the guards unless supplied with weapons to make an attack. The coal mines are the property of the Georgia Iron and Coal company. The representative of the company in this city has received no information in regard to the matter up to this time further than dispatches received by the prison commission last night.

Driving Twelve horses.

Here is an arithmetical problem for you: If it is great fun to drive one horse, how much fun is it to drive twelve horses? It is quite a natural answer to say twelve times as much fun, but if you were to ask me I should say divide one by twelve, and you will have a more correct answer. Think of it—twelve horses to manage at once! That is a sight I saw a few days ago, however, in the crowded streets of New York. The driver showed such superb horsemanship that people in the streets stopped to admire his dexterity. The horses were drawing immense steel girders to be used in erecting a skyscraper. Two men went ahead of this cavalcade to warn the cars to stop at convenient places for passing and to clear the street generally. Especially where a corner was turned was there much admiration expressed for the driver's skill. There he sat, as calm and cool as if driving an old nag down a country lane instead of twelve sturdy horses down New York's busiest thoroughfare, Broadway.—New York Letter in Pittsburgh Dispatch.

ORDER RESTORED.

General Gomez Gives Particulars of the Fighting Done.

Caracas, July 25.—Order has been established at Ciudad Bolivar. The following is a copy of the official telegram sent by General Gomez, commander-in-chief of the Venezuelan forces which captured Ciudad Bolivar, to President Castro reporting the recent events:

Ciudad Bolivar, July 20.—On Sunday, July 19, the enemy opened fire on our lines. After fifty hours' deadly struggle we recaptured the city. The result of our victory is as follows: Inspecting the battlefield, we found more than 1500 men killed or wounded on both sides. Our side has to lament the death of General Henrique Urdanetta. On the side of the enemy, General Aurelio Valueno was killed and many other officers were captured, including twenty-two generals, among them being Rolando Guzman, Vasquez Ferreras, McDonald and Luis Salazara, sixty-one colonels and many officers of low rank. All the latter have been set at liberty. We have captured 3600 Mausers, six field guns and 200,000 cartridges.

The traitor, Ferreras, and other companies escaped, and are hiding in the city. VINCENTE GOMEZ.

LEAGUE OF WOMEN.

Seems to Have Been a Swindling Scheme of the First Class.

New York, July 25.—Hundreds of credulous women in this city and throughout the country have been taken in by an ingenious swindle launched on a gigantic scale and just discovered at Detroit. Each victim was lured to the extent of from \$15 to \$25, sums aggregating many thousands of dollars. The fraud was perpetrated under the name of the League of Women, the alleged objects of which are woman suffrage, national temperance, etc. Owing to the similarity of the name with that of a well known organization the work of securing victims was easy. Advertisements were published here early in June for "local secretaries," to whom a salary of \$600 yearly was offered. Those who answered were recipients of glowing letters and finally received checks for \$25 to pay the expense of a trip to Detroit. The intending secretary was warned that reduced rates of fare could be secured by sending \$15 to an alleged passenger agent in Cleveland within three days. The checks were hurriedly cashed in almost every instance and came back protested. The victim was then out \$15 in good money, which presumably fell into the hands of the swindlers at Cleveland.

TREACHERY CHARGED.

Second Officer in Command Alleged to Have Turned Traitor.

New York, July 25.—According to stories brought here by the French warship Joffroy, cables the Port of Spain correspondent of the Herald, the capture of Ciudad Bolivar and the defeat of the revolutionists was greatly facilitated by the treachery of the second rebel officer in command of the fort. He is said to have shot the commanding officer, turned the guns on the rebels and surrendered to the government forces. It is estimated that 1500 men were killed and wounded during the fighting.

Were Anxious.

New York, July 25.—Wall street began business Saturday with much anxiety, Friday's two failures and fears of more to come having worked the street up to a high nervous tension. Brokers and their clerks worked until late Friday night, and in some instances all night, issuing calls to their customers for additional margins. The attendance on the floor of the exchange was unusually large for a midsummer Saturday.

No Confirmation.

Paris, July 25.—The Associated Press learns that dispatches received at a foreign office here from Tokio and St. Petersburg do not contain any confirmation of reports published in London and Paris papers regarding warlike preparations of Russia and Japan. On the contrary, they continue to indicate, as they did ten days ago, the relations between the two governments are still improving.

Working on the Books.

New York, July 25.—No additional information concerning the affairs of Talbot J. Taylor & Co. and W. L. Stowe & Co. is obtainable. The clerical forces of both firms are at work examining the books, assisted by expert accountants. Latest reports place the liabilities of Taylor & Co. at not less than \$3,000,000. James R. Keene was at the office of Taylor & Co. all Saturday morning, but denied himself to all interviewers.

Filed a Complaint.

Washington, July 25.—The Central Yellow Pine association filed with the interstate commerce commission a complaint against a number of railroads of the South alleging that the rate on yellow pine according to the existing tariff was discriminative and a violation of the interstate commerce law.

MINOR MATTERS.

Yoakum, Tex., is to have a street fair.

Knox County bank has been established at Stamford, Tex.

Crops are reported in excellent condition in the Chickasaw nation.

Thermometer registered 104 in the shade at Ardmore, I. T., on the 24th.

Mrs. Zora Jackson, seventy-five years old, was cut in two by a train at Guthrie, Okla.

A mad dog bit some cattle and other dogs in the Gaines Creek section of the Choctaw nation.

LARGE RANCH DEAL.

Forty-Six Thousand Dollars Was the Amount of Consideration.

Llano, Tex., July 25.—A deal was consummated between R. H. Moseley and J. D. Slaton, both stockmen of this county, whereby Slaton buys Moseley's ranch home, all household goods and appurtenances and over 8000 acres of land. The price paid was \$46,000.

This is what is known as Granite Cliff ranch, and is situated nine miles above Llano, on the river. The ranch house is constructed of solid granite, two stories high and was built by Mr. Moseley about four years ago at a cost of about \$30,000. It is perhaps the finest ranch house in western Texas.

CAR SHORTAGE.

It Is Causing Inconvenience In Moving of Wheat.

Austin, July 25.—Complaint has reached here of a great shortage of cars and other rolling stock on the Fort Worth and Denver City railroad to move the wheat crop, which is now being harvested along that line. It is stated that in many instances shippers are compelled to wait a week or ten days after giving the order for cars before they can be obtained. Many farmers who have large yields desire to send the grain direct from the threshers to the elevators in order to save the expense of handling the product twice.

Grand Lodge Adjourns.

San Antonio, July 25.—The grand lodge of colored Masons of Texas, which has been in session here four days, adjourned to meet next year at whatever point the grand master may designate. A committee was appointed to look after the matter of erecting a monument to N. W. Cuneo, the first grand master of the order in Texas.

Dynamite Explodes.

Dallas, July 25.—At the plant of the Texas Portland Cement and Lime Company 300 pounds of dynamite exploded. Every building in the vicinity was shaken and houses four miles off jarred. Nobody was injured. The plant is located in West Dallas. Phil Shores, a boy, turned several somersaults.

Negro Killed.

Sweethome, Tex., July 25.—Zanks Brazal, a negro, was killed near here. Deputy Sheriff J. W. Helms arrested Lige Carroll, also Frank Fraland, who claims to have been an eye-witness to the shooting. Sheriff Noble carried both prisoners to Hallettsville and jailed them, pending further investigation.

No One Injured.

Marshall, Tex., July 25.—The Texas and Pacific railroad had a freight wreck at Jonesville. A westbound freight train put five cars of ties into the bridge at Jonesville water tank. No one was injured.

Kicked by a Mule.

Clarksville, Tex., July 25.—Henry Hopkins, colored, a float driver for the Barry Grocery company, was severely kicked in the side by a mule, breaking several ribs, and he is now in a critical condition.

VISITED SEPARATELY.

King and Queen Received All Over Dublin With Enthusiasm.

Dublin, July 25.—King Edward and Queen Alexandra separately visited a number of public institutions. The weather was perfect and everywhere the scenes of enthusiasm witnessed during the previous day of their majesties' visit were repeated by the crowds. His majesty first visited the dwellings built for working people by Lord Iveagh and Lord Arditaum (Arthur Guinness) and accompanied by them and Irish Secretary Wyndham entered the tenements and talked freely with the inhabitants. The king then went to the famous St. Patrick's cathedral and received an address from the chapter. After lunch the king and queen visited the Irish constabulary department where a drill exhibition was given in their honor.

SITUATION SERIOUS.

Trouble Is Likely to Emerge at Jackson, Ky., at Any Time.

Jackson, Ky., July 25.—The feud situation here is brewing quite dangerous. McKinley Cockrill, the nineteen-year-old brother of Jim Cockrill, who was assassinated, is working hard to get witnesses before the grand jury. His brother, Tom, who has been hiding in the vicinity of Jackson, came to town Friday and is taking a hand. Wm. Britton was found at his home ten miles in the country, and is now in jail. He had a hearing before Judge Cardwell, when Charles Green, the witness who says he was standing by Jim Cockrill when he was shot, identified the prisoner. The anti-Cockrill people are active, and an open clash is expected.

LEE'S LETTERS.

Alleged Epistles of Lieutenant Governor to Go to Jefferson City.

St. Louis, July 25.—A special to the Post-Dispatch from Niagara-on-the-Lake, Ont., says: Daniel J. Kelly, indicted agent of the Baking Powder trust, announced that he had decided to send the letters of former Lieutenant Governor John A. Lee to Jefferson City in the care of Mrs. Kelly. Mrs. Kelly, according to her husband's plans, will identify the letters written to her husband by Lee. The object of her testimony will be to break down that offered by Lee against Senator Farris, who goes on trial on a bribery charge next Thursday.

Texas Elected.

New York, July 25.—W. D. Long of Dallas was elected president of the Commercial Telegraphers' union, receiving twenty-six votes to twenty for I. J. McDonald of Chicago.

CONCLAVE OPENING.

It Is Now Thought It Will Begin on the First of Next Month.

Rome, July 25.—At a meeting of the congregation of cardinals Friday, Cardinal Satolli asked when the conclave would be opened. Cardinal Oreglia replied that he thought on the evening of Friday, July 31, all the cardinals might enter their cells and be ready for the first meeting of the conclave Aug. 1.

Mgr. Farabullin, a Latinist, whom Gladstone often consulted, and of whom the German emperor requested advice concerning Latin, has been selected to write the oratio brevis, the Latin eulogy, on the late pontiff, which will be buried with him. The congregation also passed the secret reports received from the nuncios at Vienna, Paris, Munich and Madrid. It approved the charity bequeathed by Leo to the poor, dividing it as follows: Ten thousand dollars for the poor of Rome, \$4000 for Perugia, where Leo was for many years a bishop, and \$2000 for Carpanetti, where the late pontiff was born.

Much comment was excited at the Vatican by a drive which Cardinal Oreglia took through the Vatican gardens Friday morning. The workers in the more quiet precincts of the gardens were startled when they saw the well known papal carriage approaching, surrounded by Swiss and Noble Guards. Their hearts jumped as they saw the face of the cardinal looking out at them. The camerlingo did not appear to be satisfied with what he saw. He shook his head, exclaiming dismally: "What decay; what neglect. I could not remain shut up in this melancholy place. I should die within a year."

The gossips of the Vatican now wish to know if this means that the cardinal would not accept the papacy, which seems practically impossible, or, accepting, would refuse to be the voluntary traditional Vatican prisoner.

NUMBERS PASSED.

Thirty Thousand People Viewed Remains of Pope Friday.

Rome, July 25.—Again Friday the body of Leo XIII. lay in state in the basilica of St. Peter's, and about 30,000 people passed before the catafalque during the day. This is probably a slight increase over the number who viewed the remains Thursday, and the augmentation was doubtless due to the widely circulated reports that Friday would be the last on which the public would have an opportunity of looking on the body of the pontiff. These reports proved to be baseless. The fears expressed by the Vatican authorities concerning decomposition appear to have been exaggerated.

Waiting Policy.

London, July 25.—Japan has decided to observe the policy of waiting and watching Russia advocated by Great Britain. In the meantime she will urge China to carry out the assurances given to the United States respecting Manchuria and endeavor to obtain the opening of additional ports. It is said that Japan intends to do nothing till October, when final evacuation of Manchuria must occur. The failure of Russia to withdraw from Manchuria will be followed by a serious move on the part of Japan.

Tennessee Tragedy.

Knoxville, Tenn., July 25.—Jerry Jarnigan, a collector for the East Tennessee brewery of this city, was shot and instantly killed at La Follette, Tenn. (by John T. Smith, who in turn, was shot by Jarnagin, and is now dying. Taylor Smith, a son of John T. Smith, was shot and killed by Deputy Sheriff Peterson, who was trying to arrest him.

Player Suspended.

Little Rock, Ark., July 25.—Theodore Brienstein, the Memphis pitcher, was suspended by President Kavanaugh, pending an investigation of his alleged assault on Umpire Sorber at Memphis Wednesday. President Kavanaugh wired the Birmingham club that Hugh Hill cannot play with them. Hill was awarded to Kansas City, and if he does not play there he must play with Nashville under the national agreement.

Won In First Round.

Philadelphia, July 25.—"Billy" Maynard of Philadelphia was knocked out in the first round by Champion "Young" Corbett Friday night at the Industrial Athletic club. The men were to have boxed six rounds. Maynard was in prime condition, but Corbett was a trifle fat. The fight, as far as it went, was fast and all in the champion's favor. A few seconds before the bell sounded, ending the round, Corbett caught Maynard on the jaw with a right, sending him down and out.
